

# ADVISES PAPER BE REGISTERED

Home Service Section of Red Cross  
Gives Procedure in Secur-  
ing \$60 Bonus.

In announcing information which it has received concerning the manner in which discharged soldiers, sailors and marines should proceed in securing the \$60 federal bonus, the Rock Island chapter of the Red Cross calls attention to the fact that it is advised that soldiers have their discharge certificates registered before forwarding them to Washington.

Appended is the statement of the local chapter relative to the matter:

"The following information has just been received by the home ser-

vice section of the Rock Island Red Cross in regard to securing the \$60 bonus granted them by the recently passed revenue act:

"Officers, soldiers, field clerks and nurses of the army who have been discharged and have received their final pay without the \$60 bonus, should write to the zone finance officer, Lemon building, Washington, D. C., stating date of discharge, and their present address, enclosing discharge certificate which will be returned to the soldier with the check.

"The original discharge certificate should be sent to Washington, but before sending it it is highly advisable to register the discharge papers with the county clerk. (Note: The Rock Island county clerk, with offices in the county court house, will register discharges free).

"The bonus is payable to all officers of the military and naval forces; soldiers, field clerks and nurses of the army; enlisted men of the regular navy and marine

corps, all reservists (male and female), and all persons in the service of the coast guard, coast and geodetic survey and lighthouse service who have performed active service with the navy during the present war; S. A. T. C. men and released sailors.

"The home service department of the Rock Island Red Cross calls particular attention to the fact that it is the official advice of the division headquarters of the Red Cross that discharge papers be registered at the court house before forwarding them to Washington. This is the one safeguard against the many difficulties which would arise in case of the loss, destruction or mutilation of the original papers."

**MANY TROOPS RETURNED.**

Candidate for Commissioner

## (POLITICAL ADVERTISING)

**A. A. ROUNDS.**  
I hereby announce myself as a candidate for the office of commissioner. It is well known throughout the city of Rock Island that my business for a great number of years has been grading and contracting, and I have had years of experience in handling teams and men. I feel that my experience in this line thoroughly equips me for the position of commissioner of streets and public improvements. I will seek this department if elected. I solicit your support.

## POLITICAL ADVERTISING

**VOTERS ATTENTION.**  
I stand unqualifiedly on the platform announced by W. N. Phillips, candidate for mayor, and with the Citizens' Civic association in its efforts to insure a correction of existing civic conditions. My business has been that of constructing engineer with firms of national reputation and in that capacity I feel that I can give real service to our city during the coming four years. I respectfully solicit the support of the voters at the primary next Tuesday.  
**JOHN D. SEARS.**

## (POLITICAL ADVERTISING)

I stand for a square deal for all classes of people, rich or poor, regardless of their station in life, sect, creed or color.

I am in favor of law and order, and its strict enforcement.

In times of epidemic, I believe in a reasonable enforcement of the health regulations, seasoned with good judgment, but strictly and rigidly, if necessary.

I am opposed to making our city the dumping ground for thugs, thieves and robbers, even under the guise of industrial necessity, as my recent fight for the removal of paroled convicts will prove.

I stand for home rule for cities, with power to control and regulate public utilities serving its people, but am in favor of their having a fair and reasonable compensation for service rendered.

I pledge myself to resist to the utmost any attempt to secure a seven-cent car fare. If street car lines wish to increase the wages of their employees, I am in favor of them doing so out of their excessive profits and dividends, and not place this burden on the traveling public.

It is my plan to institute proceedings to reduce the cost of gas and electricity, to the pre-war basis.

I am now and always have been in favor of public improvements, but under proper conditions. At the present time, cost of materials and freight rates are so high, that the cost of improvements are practically prohibitive, excepting in emergencies.

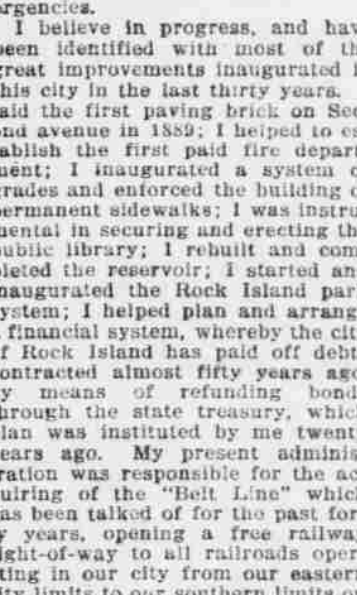

I believe in progress, and have been identified with most of the great improvements inaugurated in this city in the last thirty years. I laid the first paving brick on Second avenue in 1889; I helped to establish the first paid fire department; I inaugurated a system of grades and enforced the building of permanent sidewalks; I was instrumental in securing and erecting the public library; I rebuilt and completed the reservoir; I started and inaugurated the Rock Island park system; I helped plan and arrange a financial system, whereby the city of Rock Island has paid off debts contracted almost fifty years ago, by means of refunding bonds through the state treasury, which plan was instituted by me twenty years ago. My present administration was responsible for the acquiring of the "Belt Line" which has been talked of for the past forty years, opening a free railway right-of-way to all railroads operating in our city from our eastern city limits to our southern limits on Rock river.

Unlike most candidates, I do not stand on a platform of promises. For I have a record of accomplishments behind me, of which I am not ashamed. I believe I have not only the experience, but also the knowledge and ability to guide the city of Rock Island through the financial shoals it is at present encountering, into a sound and safe financial harbor for the future.

If you think I am still progressive enough, and have the stamina and nerve, to stand and fight for what I think is right and for the best interests of the city and its people, I ask you to give me your support, not only at the primaries, but also at the election.

## (POLITICAL ADVERTISING)

**CANDIDATE FOR  
POLICE  
MAGISTRATE**

**JOSEPH P. KELLY.**  
Attorney at Law.  
If nominated and elected, I will give intelligent and efficient service.

I do not believe that the police court should be a mint in which the magistrate may coin crime, misery and vice into dollars.

I do not believe that the office of police magistrate is a mere blank-check-commission to extort toll from the unfortunate.

I do not believe that the police court should be a by-word in the community or a reproach to our city.

I believe that the police magistrate can do much, if he will, to prevent crime.

I believe that our courts, from the lowest to the highest, should be tribunals where the people may obtain justice, and where honesty and integrity prevail.

I believe that our police court should be as free from taint or suspicion as our circuit court and should be conducted in the same orderly and upright manner.

**FROM THESE PRINCIPLES I BASE MY CANDIDACY.**
